ART CLASSES FOR KIDS AGED 6 -12 YEARS

No experience necessary. Classes cater for all levels. For more experienced students, extension exercises will be included.

There is a small 15 minute break in each session so please provide your little artist with a snack and drink for this break.

ABOUT YOUR TUTOR

Kristine Ballard brings her fine arts, design and art education skills to provide some exciting and educational art classes to the Breathing Colours Studio.

Kristine has a wealth of experience having run and taught at the Northshore School of Art in Mosman for over 12 years. She was also the Arts Presenter of EDTV Australia, streaming live art classes to students across Australia.

Kristine specialises in custom designed art classes created to nurture and enhance students skill level and art appreciation. She specialises in private art tuition and has run many art events, art parties and community art initiatives. She created the teenage art group Co-Kreate, with the St George Art Society and local councils in 2016.

While on her annual art residency in Fiji, Kristine teaches the local kids and resort guests art classes. She also conducts an adults Art Retreat.

Between art tuition, Kristine Ballard is a practising artist and exhibits her work regularly through Australia. She has completed many art residencies including those in New York and Venice.

Many of Kristine's art students go on to exhibit and acquire recognition in art shows and school shows.

Kristine believes that 'Grit - Passion and perseverance' overrides talent any day in the art world. She believes it is the making of any artist, young or old. Her students prove this to her time and time again.

"Guiding others on their own creative path is a delight. I am always surprised by how quickly students can progress if pointed in the right direction."
